

TENNIS COURT

TENNIS. OVERALL COURT DIMENSIONS

The Rules of Tennis, as published by the ITF, denote the space required, outside of the court markings, for International and other official championships only. These dimensions are shown in column 1. Below.

The other dimensions shown are recommendations of the LTA based on experience at tournament and club level.

Due to constraints, such as site restrictions, these dimensions may not be achievable and recreational tennis is possible on overall court dimensions of 33.53m length and 16.45m width. Overall playing areas less than this will seriously restrict play.

	International and National Official Championships Full size	LTA Recommended Full size	LTA Recommended Minimum
Runback (clear depth behind base line, at each end)	6.40m	6.40m	5.49m
Side-run (clear width outside each side line)	3.66m	3.66m	3.05m
Side-run between courts not separately enclosed		4.27m	3.66m
Overall size of enclosure			
Length	36.58m	36.58m	34.75m
Width (one court)	18.29m	18.29m	17.07m
Width for two court area		33.53m	31.70m
Width added for each additional court		15.24m	14.63m
